### KEY TRENDS

#### Description:

Water charges are billed on a monthly basis in two billing cycles. Citizens are billed on the 1st and 15th of every month based on their meter rate, as well as, the volume of water used. This revenue is highly influenced by weather patterns. Hot, dry summer results in high water sales.

#### Analysis

The FY 2016-17 budget incorporates the third year of the adopted three year rate structure for water and wastewater services, as adopted by ordinance in May 2014.
