AYES:Harrison, Johnson, BunselmeyerNOES:NoneABSENT:None

MOTION CARRIED

BUSINESS AGENDA

2) Review and Approve the FY 2015-2016 1st Quarter Investment Report

Caryn Riggs, Assistant Director of Finance – presented the FY 2015-2016 1st Quarter Investment Report. She explained the increase in Market Value of \$3,288,873 is due to the receipt of ad valorem tax revenue in the General Fund and the Debt Service Fund. Also, included in this quarter's report is the reclassification of the Governmental Capital Project Fund and the Water/Wastewater Capital Project Fund from the Operating Fund category to the Bond Fund category.

MOTION made by Councilmember Harrison to approve the FY 2015-2016 1st Quarter Investment Report. Seconded by Councilmember Johnson.

AYES:	Harrison, Johnson, Bunselmeyer
NOES:	None
ABSENT:	None

MOTION CARRIED

3) Review and Approve the November 2015 Monthly Financials

Caryn Riggs, Assistant Director of Finance – presented the monthly financials for the month ended November 30, 2015. The General Fund revenues were at 14.8% of the budget, while expenditures were at 16.3% of the budget. The Water/Wastewater Fund has received \$2,317,528 in revenue and has expended \$2,720,667. The fund balances for all the funds are \$17,575,948.

MOTION made by Councilmember Harrison to approve the November 2015 Monthly Financials. Seconded by Ms. Bunselmeyer.

AYES:Harrison, Johnson, BunselmeyerNOES:NoneABSENT:None

MOTION CARRIED

4) Receive an update on FY ending September 30, 2015 Annual Audit

Caryn Riggs, Assistant Director of Finance – explained the auditors completed fieldwork in December. The firm is currently preparing the Comprehensive Annual Financial Report, which will be presented to the Audit Committee in February and then to City Council in March.

EXECUTIVE SESSION

Pursuant to the Open Meetings Act, Chapter 551, Texas Government Code, Section 551.071 (Consultation with Attorney), Section 551.072 (Deliberations regarding Real Property), 551.074 (Deliberations regarding the appointment, employment, evaluation, reassignment, duties, discipline or dismissal of an officer or employee), 551.087 (Deliberations regarding commercial or financial information that the governmental body has received from a business prospector to deliberate the officer of a financial or other incentive to a business prospect).

AYES: All

Meeting adjourned.

Approved by the Finance Audit Committee on the ____ day of _____, 2016.

Lee Ann Bunselmeyer Director of Finance & Administrative Services

BUSINESS ITEM 2

Finance Audit Committee Meeting February 16, 2016

AGENDA ITEM

Review and Approve the September 2015 Monthly Financials

AGENDA ITEM SUMMARY/BACKGROUND

Financials are prepared and presented to the City Council on a monthly basis. The report is broken down into four sections: Financials Summary, Revenue & Economic Analysis, Executive Summary and Capital Improvement Summary.

Typically, monthly financial reports are distributed the third Friday of every month and are available on the city's website for public review. September monthly financials are delayed due to the audit process. These financials are distributed once the audit is complete and the Comprehensive Annual Financial Report (CAFR) is final.

RECOMMENDATION

Staff recommends the acceptance of the monthly financial report.

About This Report

This report has been prepared by the City of Corinth's Finance Department. The Comprehensive Monthly Financial Report (CMFR) is intended to provide our audience (internal and external users) with timely and relevant information regarding the City's financial position.

This report includes information for the month ending September 2015 and is presented in four sections.

- 1. The <u>Financial Summary</u> section reports the performance of the major operating funds of the City. In addition, the report provides a comparison to budget for major revenue sources and expenditure items. Narrative disclosures are included to highlight any significant changes or fluctuations.
- 2. The <u>Revenue & Economic Analysis</u> section provides additional analysis regarding key revenue sources and economic indicators.
- 3. The <u>Executive Summary</u> section contains a high level fund balance summary for all City funds. The report provides year-to-date revenues, expenditures, and transfers.
- 4. The <u>Capital Improvement Program Report</u> contains a high level expenditures summary for all CIP projects. The report contains a fund summary and a project summary that provides revenues, current and historical expenditures, and available fund balance.

If you would like additional information, feel free to contact the Finance Department at (940) 498-3280.

Section 1

City of Corinth Monthly Financial Report September 2015

FINANCIAL SUMMARY

This report is designed for internal use and does not include all the funds and accounts included in the City of Corinth's operations. For a complete report, refer to the City of Corinth Annual Financial Report available on the city's website at www.cityofcorinth.com.

Resources	Expenditures
Operating revenues are determined by the water and wastewater rates as well as the volume of water sold and wastewater treated. These revenues are highly influenced by weather patterns.	Operating expenses are dominated by contractual payments for 1) the purchase of water for resale and City use from the Upper Trinity Regional Water District; 2) wastewater treatment from Upper Trinity Regional Water District and the City of Denton.
Water and Wastewater Disposal Charges: The FY 2014- 15 budget incorporates the first year of the adopted three	Debt Service payments are processed in February and August.
year rate structure for water and wastewater services as adopted by ordinance in May 2014.	Transfer Out includes \$100,000 annual contribution to the Vehicle Replacement Fund for the future purchases of vehicles and equipment, \$99,230 allocation to the General Fund for the homeowner's association water credits, \$18,040 to the Debt Service Fund for the repayment of the Technology Debt, \$150,000 contribution to the Utility Meter Replacement Fund for the future purchases of water taps and meters, \$3,500 to the Tech Replacement Fund for the future purchases of computers, and \$450,000 to the Water Capital Improvement Fund to repaint the elevated water storage tank.
	Budget includes amendment, ordinance 14-11-20-39, approved by Council on November 20, 2014 for Shady Rest in the amount of \$61,000.
	Budget includes amendment, ordinance 15-03-19-08 approved by Council on March 19, 2015 for DATCU refund in the amount of \$350.

KEY TRENDS

Description

The sales tax in Corinth is 8.25% for goods and services sold within the City's boundaries. The tax is collected by businesses making the sale and is remitted to the State Comptroller of Public Accounts on a monthly, and in some cases, a quarterly basis.

City of Corinth, .25% to the Street Maintenance Sales Tax Fund, .25% to the Crime Control & Prevention District, and .50% to the Economic Development Corporation. The State distributes tax proceeds to local entities within forty days following the period for which the tax is collected by businesses.

<u>Analysis</u>

As the second largest revenue source to the City's General Fund, sales and use taxes are essential to the delivery of services to the community. The General Fund sales tax revenue reflects a year-to-date increase in collections compared to the budgeted amounts.

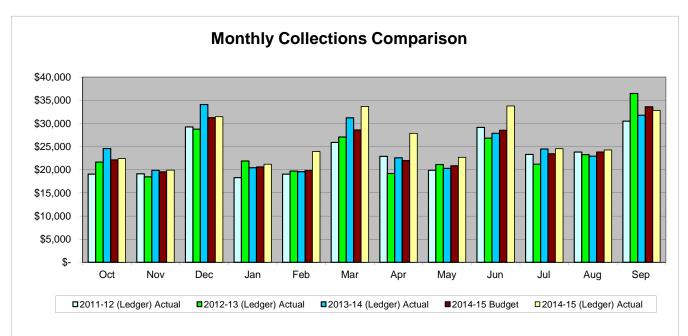

Revenues are deposited into the city's general revenue fund and may be used for any lawful purpose. (Chapter 321 Tax Code)

KEY TRENDS	
Description:	Analysis
The ad valorem (property tax) accounts for the largest source of revenue for the General Fund. Property tax is dependent on two variables: appraised value and the tax rate. The property tax rate is .59489 per \$100 valuation and is collected by the Denton County Tax Office. Denton County remits payment to the city on a monthly basis.	The city estimates 100% collection rate. The majority of taxes are collected in December and January.

KEY TRENDS	
Description:	Analysis
Water charges are billed on a monthly basis in two billing cycles. Citizens are billed on the 1st and 15th of every month based on their meter rate as well as the volume of water used. This revenue is highly influenced by weather patterns. Hot, dry summer results in high water sales.	The FY 2014-15 budget incorporates the first year of the adopted three year rate structure for water and wastewater services as adopted by ordinance in May 2014.

Description:	Analysis
Wastewater charges are determined by wastewater rates & volume of wastewater treated. Residential wastewater treatment charges are determined by a winter average process that takes the lowest three months of water consumption to determine a baseline wastewater treatment demand.	The FY 2014-15 budget incorporates the first year of the adopted three year rate structure for water and wastewater services as adopted by ordinance in May 2014.

TRANSFER IN/(OUT) EXPLANATIONS:

- (1) The <u>transfer in</u> of \$99,230 represents the annual contribution the Water Fund for the homeowners association water contracts. The \$51 from the Recreation Scholarship Fund closing out the fund. The \$1,616 from the Recreation Donations Fund for non-baseball donations. The <u>transfer out</u> of \$60,000 to the General Capital Projects for the Public Safety Facility needs assessment. The \$200,000 to the General Capital Projects Fund for the Public Safety Communications Systems upgrade. The \$425,000 to the General Capital Projects Fund for 135 Bridge Aesthetics. The \$129,115 to LCFD Vehicle and Equipment Fund for the future purchases of vehicles and equipment. The \$20,450 to the Technology Replacement Fund for the future purchases of computers.
- (2) The <u>transfer out</u> of \$99,230 represents the annual allocation to the General Fund for the homeowner's association water contracts. The \$150,000 represents the annual contribution to the Utility Meter Replacement Fund for the future purchases of water taps and meters. The \$450,000 to the Utility Capital Project Fund to repaint the elevated water storage tank. The \$100,000 represents the annual contribution to the Vehicle Replacement Fund for future purchases of vehicles and equipment. The \$3,500 represents the annual contribution to the Tech Replacement Fund for the future purchases of computers. The \$18,040 represents the annual allocation to the General Debt Service Fund for the Utility portion of the 2007 Technology Certificates of Obligation. The \$61,000 to the Water CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.
- (3) The transfer out \$25,000 to the Vehicle Replacement Fund for the future purchase of vehicles. The \$1,174 represents the annual allocation to the General Debt Service Fund for the Storm Drainage portion of the 2007 Technology Certificates of Obligation. The \$250 represents the annual contribution to the Tech Replacement Fund for the future purchases of computers. The \$112,000 to the Storm Drainage CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.
- (4) The transfer out of \$50,000 to the Parks Development Fund for park improvements. The \$250 represents the annual contribution to the Tech Replacement Fund for the future purchases of computers.
- (5) The transfer out of \$209,000 to the Streets CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.
- (6) The transfer in of \$18,040 represents the annual allocation from the Water/Sewer Fund for the Utility portion of the 2007 Technology Certificates of Obligation. The \$1,174 from the Storm Drainage Fund for the Storm Drainage portion of the 2007 Technology Certificates of Obligation.
- (7) The transfer in of \$60,000 from the General Fund for the Public Safety Facility needs assessment. The \$200,000 from the General Fund for the Public Safety Communications Systems upgrade. The \$425,000 from the General Fund for 135 Bridge Aesthetics.
- (8) The transfer in of \$450,000 from the Water/Sewer Fund to repaint the elevated water storage tank.
- (9) The <u>transfer in</u> of \$470,000 from the Streets Sales Tax Maintenance Fund, Roadway Impact Fee Fund, and Street Escrow Fund for the Shady Rest project, as approved by Council on November 20, 2014. The \$15,359 is reallocated bond interest from the Water CIP Fund and the Storm Drainage CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.
- (10) The transfer in of \$61,000 from the Water Wastewater Fund for the Shady Rest project, as approved by Council on November 20, 2014. The transfer out of \$13,866 is reallocated bond interest to the Streets CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.
- (11) The transfer in of \$112,000 from the Storm Drainage Fund for the Shady Rest project, as approved by Council on November 20, 2014. The transfer out of \$1,493 is reallocated bond interest to the Streets CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.
- (12) The transfer in of \$129,115 represents the annual contribution from the Fire Department for the future purchase of vehicles and equipment.
- (13) The transfer in of \$20,450 from the General Fund, \$3,500 from the Water/Sewer Fund, \$250 from the Storm Drainage Fund and \$250 from the Economic Development Fund represents the annual contribution for the future purchases of computers.
- (14) The transfer in of \$100,000 and \$25,000 represent the annual contribution from the Water/Wastewater Fund and the Storm Drainage Fund for the future purchase of vehicles and equipment.
- (15) The transfer in of \$150,000 from the Water/Sewer Fund for the future purchase of water taps and meters.
- (16) The transfer in of \$50,000 from the Economic Development Fund for park improvements.
- (17) The transfer out of \$1,616 to the General Fund represents non-baseball donations.
- (18) The transfer out of \$51 to the General Fund to close out this fund.
- (19) The transfer out of \$111,000 to the Streets CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.
- (20) The transfer out of \$150,000 to the Streets CIP Fund for the Shady Rest project, as approved by Council on November 20, 2014.

Section 4

City of Corinth Monthly Financial Report September 2015

Capital Improvement Report

This section contains a high level expenditure summary for all CIP projects. The report contains a fund summary and a project summary that provides revenues, current and historical expenditures, and available fund balance.

Purpose:

Proceeds from the sale of the Certificates will be used for (i) constructing and improving streets and roads, (ii) constructing, installing improvements to the City's waterworks and sanitary sewer system, (iii) computer and technology equipment and upgrade.

BUSINESS ITEM <u>3</u>

Finance Audit Committee Meeting February 16, 2016

AGENDA ITEM

Discuss the Annual External Audit and the Comprehensive Annual Financial Report

AGENDA ITEM SUMMARY/BACKGROUND

Davis, Kinard & Co, PC have completed the annual audit of the city's financial records. They have prepared the city's Comprehensive Annual Financial Report (CAFR).

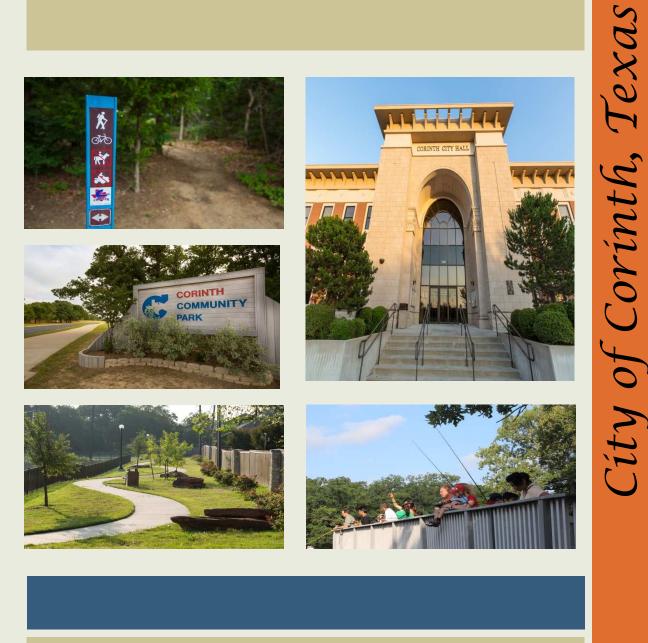

This year's CAFR includes the implementation of Governmental Accounting Standards Board (GASB) pronouncement 68. GASB 68's primary objective is to improve accounting and financial reporting by state and local governments for pensions. In the past, pension information has been included in the notes to the financials. With this pronouncement, pension information is now presented within the Financial Statements. See Exhibit A-1 and A-7 of the CAFR. Pension information is still presented in the notes to the Financial Statements.

The CAFR will be presented to City Council on March 17.

RECOMMENDATION

There is no action to be taken on this item.

INTRODUCTORY SECTION

3300 Corinth Parkway · Corinth, TX · 940.498.3200

February 10, 2016

Honorable Mayor, Members of the City Council and Citizens City of Corinth, Texas

The City Manager and the Finance Division of the City of Corinth are pleased to submit the Comprehensive Annual Financial Report of the City of Corinth for the fiscal year ended September 30, 2015. The purpose of this report is to provide the council, staff, the citizens of Corinth and other interested parties with detailed information reflecting the City's financial condition.

This report satisfies §103.001 of the Texas Local Government Code and was conducted in accordance with Section 9.12 of the City Charter. The comprehensive annual financial report (CAFR) consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The CAFR is organized into three sections: *Introductory, Financial* and *Statistical*. The *Introductory* section includes this transmittal letter, the City's organization chart, and a list of principal officials. The *Financial* section includes the auditors' report, Management's Discussion and Analysis (MD&A), basic financial statements, required supplementary information, combining and individual fund financial statements and other supplemental information. The *Statistical* section includes selected financial and demographic information, generally presented on a multi-year basis. The information is presented in table format to assist the reader with a comparative analysis.

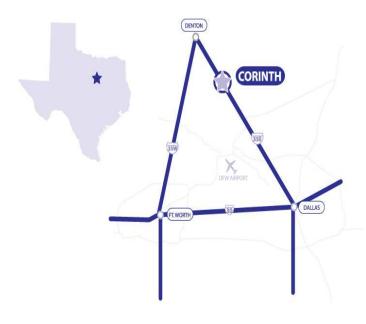

Management's discussion and analysis (MD&A) provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Corinth's MD&A can be found immediately following the report of the independent auditors.

INDEPENDENT AUDIT

The City of Corinth's financial statements have been audited by Davis Kinard & Co, PC, a firm of licensed certified public accountants. The goal of the independent auditor is to provide reasonable assurance that the financial statements of the City of Corinth, for the fiscal year ended September 30, 2015, are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Corinth's financial statements for the fiscal year ending September 30, 2015, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component in the financial section of this annual report.

PROFILE OF THE GOVERNMENT

The City of Corinth, which incorporated September 19, 1960, is located in the north central portion of Texas. This area of the state has proven to be one of the top growth areas in Texas and the United States. The City currently occupies a land area of 7.8 square miles. The City is empowered to levy a property tax on real property and certain personal property located within its boundaries. Corinth is also empowered, by state statute, to extend its corporate limits by annexation, which has occurred periodically when deemed appropriate by the governing council of the City.

Corinth has operated under the council-manager form of government since May 6, 1999. This has become a popular form of government throughout the State of Texas. Policy-making and legislative authority are vested in the City Council consisting of the mayor and five other members. The City Council is responsible for, among other things, passing ordinances, adopting the budget, appointing boards and committees, and hiring both the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, overseeing the day-to-day operations of the government, and for appointing the heads of the various City departments. The City Council is elected on a nonpartisan, at-large basis. Council members serve two-year staggered terms, with three members elected on one of the two-year rotations, and the Mayor and two remaining members elected on the other two-year rotation.

The City of Corinth provides a full range of municipal services including general government, public safety (police, fire, and animal control), streets, parks and recreation, planning and zoning, code enforcement, and water/wastewater and drainage utilities. Water/wastewater and drainage services are provided through the public works department, which functions, in essence, as a department of the City and therefore has been included as an integral part of the City's financial statements.

LOCAL ECONOMY

Corinth's location, straddling the I35E corridor in Denton County, is ideal for both businesses and residents many of whom commute north to Denton or south to Lewisville or Dallas. Corinth maintains a small-town feel while having the advantages of nearby metro areas.

The city's population for 2015 is estimated to be 22,087. This is an increase of 10.7 percent over the 2014 population estimate.

The City of Corinth, as well as the State of Texas, experience economic growth, compared to prior years. The overall Texas economy is still considered healthier than most of the country. Figures from the Texas Workforce

Commission indicate a local unemployment rate (Denton County) of 3.2 percent. For the same period the Dallas County's unemployment rate was 3.8 percent, the overall state of Texas rate was 4.2 percent and the nation as a whole was 4.9 percent.

Corinth continues to rely heavily on property tax to support its continuing operations, with the City being approximately 85 percent residential. Certified property values increased for the 2015 tax year by \$100 million, a 6.53 percent increase over the 2014 certified value.

Sales Tax Revenue, the second largest revenue source for the City's General Fund, increased by 6.3% over the prior year's receipts in FY 2014-15. For fiscal year 2015-16, sales tax revenue is projected to increase slightly to \$1.2 million. Primarily a residential community, Corinth relies heavily on sales tax from taxes paid on utilities. All sales tax collections are as reported by the Texas Comptroller of Public Account. The City is continuing to work to increase its sales tax base with the Corinth Economic Development Corporation which receives the proceeds from a ½ cent sales tax enacted in 2003. Corinth is currently focused on encouraging commercial development and providing the infrastructure required to support it. Corinth continues to draw more interest in from apartment, restaurant and commercial developers with the Interstate 35 expansion and growth in the DFW area and Texas economy.

MAJOR INITITATIVES

Because of the hard work, tough decisions, and structural reductions made by city officials and staff in previous years to deal with budget shortfalls, the city was able to propose a balanced budget that maintained the City's fiscal integrity, addressed Council priorities, and maintained service levels.

Vehicle replacement, adequate funding for right-of-way maintenance and continue funding for the upgrade to the Public Safety Communication system were the major initiatives for the City. In FY 2014-15, the City replaced four patrol vehicles, two fire administration vehicles, and an ambulance. Additionally, \$200,000 was transferred to the General Capital Project Fund for continue funding to upgrade the Public Safety Communication system.

The City continued to fund step increases for Public Safety employees, as well as, an average 3% merit for general employees. Health Insurance costs for the city increased by 7.9%.

The Utility Fund includes the first year of utility rate study that was adopted by the City Council in May 2014, as well as, the funding to repaint the elevated water storage tank.

LONG TERM FINANCIAL PLAN

The FY 2014-15 budget was developed in context of long-term financial plans. The plans anticipate funding needs and available revenues and forecast methods for matching future revenue and expenses. Plans have been developed for all the City's major operating funds. Each plan presents the fund over seven fiscal years: two previous years, the adopted "base year" budget and four projected years. There are several benefits to these plans. First, the plans give future Councils a valuable perspective when considering budgets within each plan's five-year horizon. Second, the plans impart a measure of discipline on staff. The General fund long-term plan assumes that for fiscal years 2015-2019 the City's property tax, sales tax, and all other revenues during the planning horizon will remain constant with conservative growth from 0% - 3%.

The City of Corinth continues its focus on maintaining or increasing reserve balances for emergencies to provide stability and flexibility for the organization. The reserve requirement was established at a level of 20% of budgeted expenditures for the General Fund and 25% of budgeted expenditures for the Utility Fund. The unassigned fund balance is \$3,482,449, or 23% of annual budgeted expenditures for the General Fund and the unrestricted net position of \$4,276,697 or 39% for the Water and Sewer Fund for the fiscal year ended September 30, 2015.

As a result of the recent national economic recession, bond rating agencies have increased their scrutiny on the financial stability of local governments. In July 2014, Standard & Poor's Rating Services raised the city's rating to AA, on general obligation debt. The rating agency attributed their opinion on the City's "very strong budgetary flexibility and liquidity".

BUDGETARY CONTROLS

The annual budget serves as the foundation for the City's financial planning and control. The budget is prepared by the City Manager and adopted by the City Council in accordance with policies and procedures established by State law, City Charter, and Council Ordinances. All departments of the City of Corinth are required to submit requests for appropriation to the City Manager based on a budget calendar issued annually. The City Manager uses these requests as the starting point for developing the proposed budget. The proposed budget is then presented to the City Council for review prior to approval and adoption. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund, function (i.e., Community Services), department (i.e., Community Services) and division (i.e., Recreation). Department Directors may make transfers of appropriations between divisions within a department. Transfers of appropriations between divisions within a department. Transfers of appropriations between funds require City Council approval. Budgetary comparison schedules are provided in this report in the required supplemental information subsection for the general fund, and in the supplemental information subsection for other funds with legally adopted annual budgets.

CASH MANAGEMENT POLICIES AND PRACTICES

Funds of the City are invested in accordance with all applicable Texas statutes, the City's Investment Policy and any other approved, written administrative procedures. The five objectives of the City's investment activities, in order of priority, are as follows: Safety – Preservation and Safety of Principal, Liquidity, Diversification, Market Rate-of-Return (Yield), and Public Trust.

Annually, the City reviews and updates the investment policy. The purpose of the investment policy is to set forth specific investment policy and strategy guidelines for the City in order to safeguard assets with a minimal amount of risk, while maintaining the necessary level of liquidity and maximizing the yield on investments. Accordingly, all of the City's deposits are either insured by the Federal Deposit Insurance Corporation or are collateralized by governmental securities. The maturities of the investments range from 30 days to 36 months, with an average maturity of approximately 217 days. On September 30, 2015, the annualized yield on investments was .49 percent, compared to .40 percent for the same period in 2014. Funds available for investment at September 30, 2015 were \$13.5 million, which is a decrease of \$1.9 million from 2014. The decrease in portfolio balance is due to the expenditure of funds for the Shady Rest Lane Project, Tower Ridge Project, 1.5MG ground storage tank, the Public Safety communications upgrade, and the budgeted use of fund balance for the Debt Service Fund.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Corinth for its comprehensive annual financial report (CAFR) for the fiscal year ended September 30, 2014. This was the sixth consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the government also received the GFOA's Distinguished Budget Presentation Award for its annual budget document dated October 1, 2014. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance and administration services department. We would like to express our appreciation for the assistance provided by our auditors, Davis Kinard & Co, PC. Credit must also be given to the Mayor and City Council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Corinth and its finances.

Respectfully Submitted,

Lee Ann Bunselmeyer Acting City Manager and Director of Finance & Administrative Services Caryn Riggs Assistant Director of Finance

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council City of Corinth, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Corinth, Texas, (the City) as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Corinth, Texas, as of September 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 10 to the basic financial statements, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, during the year ended September 30, 2015, which requires recognition of its net pension liability and a more comprehensive measure of pension expense. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplemental information on pages 11-19 and 57-60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 10, 2016, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Certified Public Accountants

Abilene, Texas February 10, 2016

As management of the City of Corinth, (the "City") we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2015. The Management's Discussion and Analysis is designed to assist the reader in focusing on significant financial issues, to provide an overview of the City's financial activity, to identify changes in the City's financial position and to identify any material deviations from the financial plan. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which is included in this report.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$67,068,275.
- The government's total net position decreased \$1,066,634 from the prior year.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$7,348,277, a decrease of \$1,093,262 in comparison with the prior year. Of the combined ending balances, \$3,002,005 or 41% is available for spending within the City's guidelines (*unassigned fund balance*).
- The City's unassigned fund balance for the general fund was \$3,482,449 or 23% of total general fund expenditures.
- The City's long term liabilities of \$30,684,603 increased during fiscal year 2015. The net increase is due to the reflection of pension liability coupled with the principal portion of debt payments.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City of Corinth's basic financial statements. The City's financial statements are comprised three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements

themselves. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the City's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the City's operations in more detail than the government-wide statements.
- The governmental funds statements tell how general government services were financed in the *short term* as well as what remains for future spending.
- *Proprietary fund* statements offer *short-* and *long-term* financial information about the activities the government operates *like businesses*.
- *Fiduciary fund* statements provide information about the financial relationships in which the City acts solely as a *trustee or agent* for the benefit of others to whom the resources in question belong.

Required Components of the City's Annual Financial Report

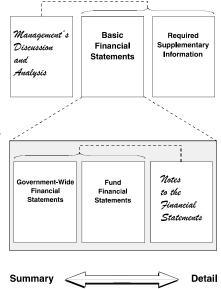

Figure 1 summarizes the major features of the City's financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide financial statements. The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies.

The statement of net position presents information on all of the City of Corinth's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the net difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Corinth is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a

Figure 1. Major Feature of the City's Government-wide and Fund Financial Statements

significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include public safety, fire services, community services, planning and community development, public works, city administration, finance and administrative services and debt service. The business-type activities are the water and wastewater utility fund, which includes contracted garbage collection services, and the storm water utility fund.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also a legally separate Economic Development Corporation as a component unit for which the City is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found starting on page 23 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Corinth, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Corinth reports twenty-one individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and debt service fund, which are considered to be major funds. Data from the non-major governmental funds are combined into a single aggregated presentation. Fund data for the non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of Corinth adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 26 – 29 of this report.

Proprietary funds. The City of Corinth maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Corinth uses two enterprise funds to account for its water and wastewater operations and for its storm water utility fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and wastewater utility fund and the storm water utility fund. The water and wastewater utility fund is considered to be a major fund of the City.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 33 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$67,068,275 at the close of the most recent fiscal year.

By far the largest portion of the City of Corinth's net position (\$58,731,458 or 88%) reflects its investment in capital assets (i.e., land, buildings, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City of Corinth uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Corinth's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the City's net position (\$1,712,334 or 3%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$6,624,483 or 10%) may be used to meet the City's ongoing obligations to citizens and creditors. The City currently has \$13,815,867 available in cash and investments that may be used to meet the City's ongoing obligations to citizens and creditors. At the end of the current fiscal year the City of Corinth is able to report positive balances in the government-wide as a whole and the business-type activities.

Government-wide activities. As shown above, governmental activities decreased net position by \$5,595,051 and business-type activities decreased net position by \$730,968. Included in these decreases are prior period adjustments to account for the implementation of GASB 68. A detailed examination of all the elements affecting net position can be found in Table II.

City of Corinth's Changes in Fund Balance. The City's governmental funds decreased fund balance by \$1,093,262. The decrease can be attributed to the use of funds in the General Vehicle Replacement Fund, LCFD Vehicle & Equipment Replacement Fund, 2007 CO Streets Fund, the 2007 CO Tech Fund and the 2010 CO Fire Fund for replacement vehicles and equipment and for Capital Improvement Projects. Net position, as part of the government-wide reports, is reported on a full-accrual basis. The reconciliation between the overall decrease to governmental fund balances and the \$954,280 net decrease to governmental activities net position illustrates the differences in reporting between the modified accrual basis used in the funds and full-accrual used at the government-wide level.

The following are the most significant factors in the reconciliation:

- Depreciation of capital assets is not reported in the funds.
- Donations/developer contributions do not constitute revenue in the funds, but are reported as an increase to net position.
- Repayment of bond principal is an expenditure in the funds but not an expense in the statement of activities.
- Bond proceeds are reported as current resources in the funds but are not reported as revenue in the statement of activities.

Exhibit A-6 on page 29 provides a detailed reconciliation between the statement of activities and the statement of revenues, expenditures and changes in fund balances of governmental funds.

Governmental Activities. Public safety, community services, public works, and planning and community development account for 84% of the expenses for the governmental activities. City administration, finance and administrative services and interest on long-term debt account for the remaining 16% of total expenses. These expenses were funded by revenues collected from a variety of sources. Property taxes produced \$9,291,409 or 52%, Charges for services accounted for \$4,696,469 or 26%, sales taxes was \$1,889,020 or 10%, franchise taxes provided \$1,074,217 or 6%, operating grants and contributions provided \$299,613 or 2% and capital grants and contributions provided \$380,748 or 2% of the revenues for the governmental activities. The remaining 2% of revenue is made up of investment interest and other miscellaneous revenue. Figure 2 provides a graphic representation of the City's expenses and any directly related revenues by source.

Page 54 of 194

Business-type Activities. Business-type activities decreased the City's net position by \$112,354. A key element of this decrease is charges for services, emerging as a major revenue source for the Water and Wastewater fund producing \$10,991,068 and Storm water utility producing \$692,943 in revenue. Charges for services account for 95% of the revenue. Contributions of assets arising from new property development within the City, totaled \$607,013 in revenue. Less than 1% of revenue is made up of investment interest and other miscellaneous revenue.

Total revenue from water and wastewater sales and services was \$10,991,068; associated costs of water, wastewater treatment, and operations and maintenance accounted for \$11,107,570 of the total business-type expenses of \$11,647,787. The remaining \$540,217 in expenses for business-type activities is associated with the storm water utility. Storm water utility fees brought in \$692,943 in revenue. The following chart (Figure 3) provides a graphic representation of the City's business-type expenses and any directly related revenues by source.

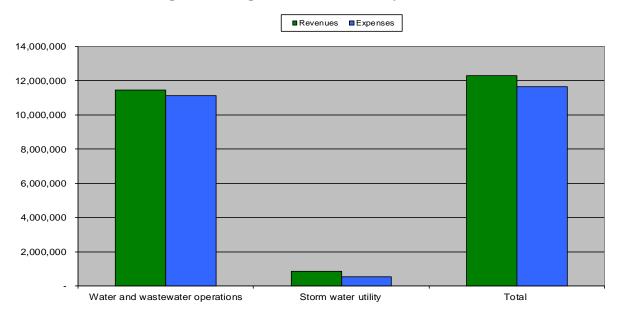

Figure 3: Program Revenues v. Expenses

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$7,348,277, a decrease of \$1,093,262 in comparison with the prior year. The net decrease in combined ending fund balance is due to the following: a net decrease in the General Fund balance of \$83,162, a net decrease in the Debt Service Fund of \$103,616 and a net decrease of \$906,484 in other governmental funds.

Of the combined total governmental fund balances of \$7,348,277, \$3,482,449 (47%) reflects the general fund *unassigned* fund balance which is available for spending at the government's discretion. The fund balance that is designated as *restricted* is not available for new spending due to debt service, \$224,420, restrictions and constructions contracts, \$931,086. The fund balance that is designated as *committed*, \$2,946,280 represents those amounts committed to liquidate contracts or encumbrances. The fund balance amount designated as *nonspendable* is for prepaid items, \$2,202, and inventories, \$242,284.

General Fund. The general fund is the chief operating fund of the City of Corinth. At the end of the current fiscal year, *unassigned* fund balance of the general fund was \$3,482,449 while total fund balance reached \$3,726,935. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures for the fiscal year. Unassigned fund balance represents 23% of total general fund expenditures, while total fund balance represents 25% of that same amount.

This year, in the general fund, revenues were more than expected by a total of \$385,006. Traffice Fines and Parks & Recreation Fees were less than budget by \$79,210, and \$200,323, respectively. Development Fees, Fire Services, and Sales Tax were above budget by \$281,576, \$154,559, and \$101,117, respectively. The City budgeted for no growth in fiscal year 2015. While revenues were over budget by \$385,006, expenditures were under budget by \$283,528. The net effect at year end was an excess of \$668,534 of revenues over expenditures in the general fund.

Debt Service Fund. As part of the budgetary process, the government enacts a dedicated property tax for debt service each fiscal year. The debt service fund has a total fund balance of \$224,420, all of which is restricted for the payment of debt service.

Other Governmental Funds. The non-major governmental funds are the Crime Control and Prevention fund, Street Maintenance fund, Risk/Insurance and Risk fund, Hotel-Motel Tax fund, Special Revenue funds, Municipal Court Security fund, Municipal Court Technology fund, Parks Development fund, TxDot Grant fund, Roadway Impact Fee fund, Governmental Capital Projects Fund, Vehicle Replacement fund, LCFD Vehicle & Equipment Replacement fund, Tech Equipment Replacement fund, Street Escrow fund, 2004 Tax Note fund, 2007 CO Streets fund, 2007 CO Tech fund, and the 2010 CO Fire fund. Each of these funds is used to account for revenues and expenditures related to specific purposes.

- The Corinth Crime Control and Prevention District is a special sales tax of \$.0025 levied for crime control and prevention within the City. Sales tax collections were \$34,833 more than budgeted, interest earnings were less than budgeted by \$201 and expenditures were \$40,176 less than budgeted. Due to the positive variances in revenues and expenditures, actual fund balance increased \$21,748.
- The Street Maintenance Sales Tax fund accounts for the collection of a special sales tax of \$.0025. Sales tax collections were more than budgeted by \$24,334, interest earnings were more than budgeted by \$132 and expenditures were less than budget by \$125,508, which, combined with transfers of (\$209,000), increased actual fund balance by \$14,698.

Proprietary funds. The City of Corinth's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. The City maintains two enterprise funds, the water and wastewater fund and the storm water utility fund.

Water and wastewater fund assets of \$35,003,307 and deferred outflows of resources of \$148,189 exceeded liabilities of \$10,984,747 and deferred inflows of resources of \$21,611, reporting net position of \$24,145,138. The net non-operating revenues and expenses were (\$404,636) which included investment interest and debt service interest, as well as, the sale of aging and obsolete capital assets at auction. The largest portion of the non-operating expenses was \$426,018 of interest expense. Unrestricted net position for the water and wastewater fund decreased from \$5,516,099 in fiscal year 2014 to \$4,249,196 for fiscal year 2015.

Storm water utility fund assets of \$4,955,172 and deferred outflows of \$17,711 exceeded liabilities of \$2,040,362 and deferred inflows of resources of \$6,070, leaving total net position of \$2,926,451. Total net position increased \$150,586, unrestricted net position decreased from \$734,308 to \$607,779. The storm water utility reported operating income of \$240,606 in fiscal year 2015. Net non-operating revenues and expenses were (\$85,897) which includes \$1,607 in interest income and \$87,880 in interest expense.

GENERAL FUND BUDGETARY HIGHLIGHTS

For fiscal year 2014-15, General Fund actual expenditures (including transfers) were \$14,926,084 compared to the final budget of \$15,209,612. The \$283,528 variance was primarily due to reduced costs of \$167,057 for Community Services, \$45,647 reduced costs for Planning and Community Development, \$40,242 due to reduced costs for Public Safety, reduced costs of \$22,383 for City Administration, \$6,252 reduced costs for Finance and Administrative Services and \$1,947 due to reduced costs for Public Works. Actual revenue (including transfers) was \$14,842,922 compared to the final budget of \$14,468,249. Of the \$374,673 revenue variance, approximately \$281,576 was due to increased Development Fees and Permits, \$154,559 for increased Fire Service Charges, and \$101,117 for increased Sales Tax collections. Like many cities in the area and around the nation, the city experienced an upturn in the current economic conditions.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The City of Corinth's investment in capital assets for its governmental and business type activities as of September 30, 2015, amounts to \$81,300,946 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities and infrastructure. The total change in the City's investment in capital assets for the current fiscal year represents purchases, retirements, construction in progress for infrastructure and transfers and adjustments as of September 30, 2015.

Additional information on the City's capital assets can be found in the notes to the financial statements on page 43.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$22,405,000 consisting of General Obligation Bonds and Certificates of Obligation. Debt can be reallocated among the Governmental and Business-Type Activities to reflect the amount of outstanding debt related to capital projects. All debt payments were made when due. Outstanding debt decreased in fiscal year 2015 by \$2,634,667 (see Note 6).

TABLE IV OUTSTANDING DEBT AT YEAR-END

Total outstanding debt	\$	12,683,795	\$	14,518,056	\$	10,404,596	\$	11,205,002	\$	23,088,391	\$	25,723,058

Additional information on the City's long-term debt can be found in this report in the notes to the financial statements on page 45.

Moody's Investor's Service, Inc. has given the City's General Obligation Bond and the Certificates of Obligation a rating of "A2". Standard and Poor's Corporation has given both the City's General Obligation and Certificates of Obligation an "AA" rating. The City is permitted by Article XI. Section 5 of the State of Texas Constitution to levy taxes up to \$2.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt. The current ratio of tax-supported debt to certified assessed value of all taxable property is 18.99 percent.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The budget demonstrated signs that a recovery may be starting to occur. The City experienced increases sales tax during FY 2014-15. Additionally, all other revenues held firm. Departments limited their requests for funds and absorbed increased demands for service with reduced staffing and support. The budget reflected the commitment to deliver quality service through carefully planned resource allocations.

The City Council approved a tax rate of \$.58489 for fiscal year 2016. General operations and maintenance will receive \$.44143 of the total and the remaining \$.14346 and a budgeted use of debt service fund balance will fund long-term debt of the City.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Director of Finance, City of Corinth, 3300 Corinth Parkway, Corinth, Texas, 76208.

CITY OF CORINTH, TEXAS RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION AS OF SEPTEMBER 30, 2015

Total Fund Balances - Governmental Funds	\$	7,348,277
Amounts reported for governmental activities in the statement of net position are different because	:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds balance sheet.	No contraction of the second se	49,521,596
Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds. As a result, these liabilities decrease net position:		
Capital leases payable Bonds payable Accrued compensated absences		(683,391) (12,143,603) (1,003,260)
Deferred loss on bond refunding is not included in the governmental funds but is deferred and amortized in the government wide statements.		31,820
Payables for bond interest which are not due in the current period are not reported in the fund financial statements but are included in the statement of net position. This results in a decrease in net position.		(89,135)
Included in liabilities is the recognition of the City's proportionate share of the TMRS net pension liability in the amount of \$5,503,002, a deferred inflow of resources of \$215,138 and a deferred outflow of resources of \$1,109,256. This results in a decrease in net position.		(4,608,884)
Other adjustments are necessary to convert from the modified accrual basis of accounting to the accrual basis of accounting. Net property taxes receivable of \$69,777, net fines, fees and court costs receivable of \$1,354,770, net fees for ambulance receivables of \$151,240 and net receivables for other items of \$47,479 were unavailable to pay for the current period expenditures and are deferred inflows in the governmental funds but are recognized as revenue in the government wide statements. This results in an increase in net position.	i t i	1,623,266

CITY OF CORINTH, TEXAS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2015

Net Change in Fund Balances - Total Governmental Funds	\$	(1,093,262)
Amounts reported for governmental activities in the statement of activities are different because:		
Current year capital outlays are expenditures in the fund financial statements, but they are shown as increases in capital assets in the government-wide financial statements.	Э	2,980,065
The net book value of capital assets disposed reduces net position.		(11,670)
Depreciation is not recognized as an expenditure in governmental funds since it does not require the use of current financial resources.	Э	(4,565,230)
Repayment of long-term principal for bonds and capital leases payable is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of ne position. Amortization of bond premium and the deferred loss on bond refunding was recorde in the government wide financial statements. The result of the above adjustments was a increase in the change in net position.	et d	1,839,088
Changes in long-term liabilities for compensated absences are not reported in the governmenta funds but are included in the statement of activities.	al	(79,478)
Interest payable on long-term debt is accrued in the government-wide financial statements whereas in the fund financial statements, interest expense is reported when due. The currer year change in the interest accrual is a decrease of \$11,413. The effect is to increase ne position.	nt	11,413
Certain pension expenditures that are recorded in the fund financial statements must b recorded as deferred outflows of revenues. Contributions made after the measurement dat caused the change in net position to increase in the amount of \$909,315. The District's share of the unrecognized deferred inflows and outflows for TMRS as of the measurement date must b amortized and the District's proportionate share of the pension expense must be recognized These cause the change in net position to decrease in the amount of \$894,470. The net effect is an increase in net position.	e of e I.	14,845
Various other reclassifications and eliminations are necessary to convert from the modifie accrual basis of accounting to accrual basis of accounting. These include recognizing deferre inflows of resources as revenue, adjusting current year revenue to include the revenue earne from current year's tax levy, and eliminating interfund transactions. These adjustments result is a decrease in net position.	d d	(50,051)
Change in Net Position of Governmental Activities	\$	(954,280)

CITY OF CORINTH, TEXAS

NOTES TO FINANCIAL STATEMENTS

Note 1: REPORTING ENTITY

The City of Corinth, Texas (the City) is a municipal corporation governed by an elected mayor and fivemember council. The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The financial statements of the City have been prepared in conformity with accounting principles applicable to governmental units which are generally accepted in the United States of America. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The City's basic financial statements include the accounts of all its operations. The City evaluated whether any other entity should be included in these financial statements. The criteria for including organizations as component units within the City's reporting entity, as set forth in GASB Statement No. 14, "The Financial Reporting Entity," include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the City holds the corporate powers of the organization
- the City appoints a voting majority of the organization's board
- the City is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the City
- there is fiscal dependency by the organization on the City

The City also evaluated each legally separate, tax-exempt organization whose resources are used principally to provide support to the City to determine if its omission from the reporting entity would result in the financial statements which are misleading or incomplete. GASB Statement No. 39 requires inclusion of such an organization as a component unit when: 1) the economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the City, its component units or its constituents; and 2) the City or its component units is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the organization; and 3) such economic resources are significant to the City.

Based on the criteria above, the City has the following component units:

Blended component unit. The *Corinth Crime Control and Prevention District* (CCD) was organized under state law and serves all the citizens of the City and is financed by a one-quarter of one percent (.0025) sales and use tax for the support of crime reduction programs authorized by the City. The CCD is governed by a board of directors, the members of which are appointed and serve at the discretion of the City Council. Because the CCD board is made up of the City Council, the CCD meets the standard that the board is substantially the same as the City Council. The CCD provides services entirely to the City. Therefore the CCD is reported as a blended component unit. The CCD is reported as a special revenue fund and does not issue separate financial statements.

Discretely presented component unit. The *Corinth Economic Development Corporation* (CEDC) was organized under state law for the purpose of promoting economic development. State statutes define projects that the corporation may fund. The CEDC is governed by a board of directors that are appointed by and serve at the discretion of the City Council. The CEDC is reported as a governmental entity and its accounts are maintained on the modified accrual basis of accounting. CEDC does not issue separate financial statements.

CITY OF CORINTH, TEXAS

NOTES TO FINANCIAL STATEMENTS

Note 2: GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements, except for interfund services provided and used. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenue, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenue* includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as *general revenue*.

Separate financial statements are provided for governmental and proprietary funds. Major individual governmental funds and major individual proprietary funds are reported in separate columns in the fund financial statements.

Note 3: MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenue to be available if collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, sales taxes, certain charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The <u>General Fund</u> is the general operating fund of the City. It is used to account for all financial resources of the general government, except those required to be accounted for in another fund.

The <u>**Debt Service Fund</u>** is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.</u>

CITY OF CORINTH, TEXAS

NOTES TO FINANCIAL STATEMENTS

Note 3: MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (continued)

The City reports the following major proprietary fund types:

<u>Water and Sewer Fund</u> — The Water and Sewer Fund provides water and wastewater services to the residents and businesses of Corinth. The activities supporting the delivery of services are accounted for in this fund, including operations and maintenance, administration, billing, financing and debt service. The Water and Sewer Fund is financed and operated in a manner similar to private business enterprises, where the determination of net income is necessary or useful to sound financial administration.

<u>Storm Drainage Fund</u> – The Storm Drainage Utility Fund is used to protect the public health and safety from damage caused by surface water overflows, and surface water stagnation and pollution within the city.

Additionally, the City reports the following fund types:

Ten nonmajor special revenue funds account for specific revenue sources that are legally restricted to expenditures for specialized purposes.

Nine nonmajor capital projects funds are used to account for acquisition and construction of major capital facilities (other than those accounted for within the City's proprietary funds) and vehicle replacement funds. Capital projects are funded primarily though certificates of obligation.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating gr/ants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The Water and Sewer Fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses include cost of sales and services, administrative expenses and depreciation expense on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Note 4: ASSETS, LIABILITIES, AND NET POSITION OR EQUITY

Cash and Cash Equivalents

For purposes of the statement of cash flows for the proprietary fund types, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Investments

Investments for the City and CEDC are reported at fair value (generally based on quoted market prices), except for the positions in TexPool and TexSTAR. In accordance with state law, TexPool and TexSTAR operate in conformity with the requirements of the Securities and Exchange Commission's (SEC) Rule 2a-7 as promulgated under the Investment Company Act of 1940, as amended. Accordingly, TexPool and TexSTAR qualify as 2a-7 like pools and are reported at the net asset value per share (which approximates fair value) even though they are calculated using the amortized cost method. The Pools are subject to regulatory oversight by the State Comptroller, although they are not registered with the SEC.

NOTES TO FINANCIAL STATEMENTS

Note 4: ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." All trade and property tax receivables are shown net of an allowance for uncollectibles.

Inventory

Inventory is valued at cost using the first-in, first-out (FIFO) method. Inventories consist of expendable supplies held for consumption or the construction of plant and equipment. Inventories are recorded as expenditures when consumed rather than when purchased.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. The City has a deferred charge on bond refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The City also has deferred outflows of resources for its proportionate share of TMRS' deferred outflow related to pensions as described in Note 7.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualify for reporting in this category. The first item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, fines, ambulance services and other items. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City also has deferred inflows of resources for its proportionate share of TMRS' deferred inflow related to pensions as described in Note 7.

Capital Assets

Capital assets, which include property, plant and equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements as well as the proprietary fund financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the government chose to include all such items regardless of their acquisition date or amount. The City was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized

NOTES TO FINANCIAL STATEMENTS

Note 4: ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset, or materially extend asset lives, are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Land and construction are not depreciated. Other property, plant, equipment, and infrastructure of the City, as well as the component unit, are depreciated using the straight-line method over the following useful lives:

Building and building improvements	20-50 years
Water and Wastewater system infrastructure	30 years
Storm drainage system infrastructure	30 years
Public domain infrastructure	50 years
Vehicles and equipment	5-10 years
Office equipment	5-10 years

Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Compensated Absences

Accumulated earned but unused vacation is accrued when incurred in the government-wide and proprietary fund financial statements. It is the City's policy to permit employees to accumulate earned but unused vacation, compensatory time and sick pay benefits. Eligible employees are reimbursed upon separation from service for accumulated vacation, accumulated sick pay; non-exempt employees are reimbursed for compensatory time. The liabilities for these amounts are accrued as they are incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from these estimates.

NOTES TO FINANCIAL STATEMENTS

Note 4: ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

Property Taxes

Property is appraised and a lien on such property becomes enforceable as of January 1st of each year. Taxes are levied on and payable the following October 1. Taxes become delinquent February 1 of the following year and are subject to interest and penalty charges. The City is permitted by the State of Texas to levy taxes up to \$2.50 per \$100 of assessed valuation for general government services and for the payment of principal and interest on general long-term debt. The combined current tax rate to finance general government services, including debt service for the fiscal year ended September 30, 2015, was \$.59489 per \$100 of assessed valuation.

Fund Balance

The City classifies governmental fund balance in accordance with Government Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions:

Nonspendable fund balance includes fund balance that cannot be spent either because it is not in spendable form or because of legal or contractual constraints. The City had \$242,284 and \$2,202 in nonspendable fund balance for inventory and prepaid items, respectively, at September 30, 2015.

Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. Debt service fund balance restricted for the retirement of funded indebtedness totaled \$224,420 as of September 30, 2015. Special revenue fund balance restricted for specific programs included crime control and prevention, street maintenance, hotel motel tax, special revenue, municipal court security fund, municipal court technology fund, and TxDOT grants and totaled \$217,437, \$481,394, \$132,029, \$30,884, \$26,959, \$34,008, and \$8,375, respectively, as of September 30, 2015.

Committed fund balance is established and modified by a resolution from City Council, the City's highest level of decision-making authority, and can be used only for the specified purposes determined by the Council's resolution. Special revenue fund balance committed for specific programs consisted of fund balance committed to risk/insurance claims, special revenue and parks development totaling \$237,326, \$85,874, and \$133,173, respectively, as of September 30, 2015. Capital project fund balances committed for future projects included the governmental capital projects, vehicle replacement, LCFD vehicle and equipment replacement, tech equipment replacement, street escrow, 2004 Tax Notes, 2007 CO Streets, 2007 CO Tech and 2010 CO Fire funds and totaled \$1,741,305, \$55,087, \$89,669, \$15,797, \$151,663, \$15,519, \$392,129, \$3,700 and \$25,038, respectively, as of September 30, 2015.

Assigned fund balance includes the portion of net resources for which an intended use has been established by the City Council or the City Official authorized to do so by the City Council. Assignments of fund balance are much less formal than commitments and do not require formal action for their imposition or removal. In governmental funds, other than the General Fund, assigned fund balance represents the amount that is not restricted or committed which indicates that resources are, at a minimum, intended to be used for the purpose of that fund is intended to be used by the City for specific purposes but does not meet the criteria to be classified as restricted or committed. The Council has authorized the City Manager to assign fund balance. The City had no assigned fund balance as of September 30, 2015.

Unassigned fund balance is the residual classification for the City's general fund and includes all spendable amounts not contained in the other classifications, as well as negative unassigned fund balance in other governmental funds.

NOTES TO FINANCIAL STATEMENTS

Note 4: ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

Minimum fund balance policy

The City Council has adopted a financial policy to maintain an unassigned fund balance in the general fund equal to 20% of expenditures and in the water and sewer fund and storm drainage fund equal to 25% of expenditures. The City considers a balance of less than 15% to be cause for concern, barring unusual or deliberate circumstances. In the event that the unassigned fund balance is calculated to be less than the policy stipulates, the City shall plan to adjust budget resources in subsequent fiscal years to restore the balance.

Flow Assumptions

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned, then unassigned fund balance.

Note 5: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for the General fund; the Crime Control and Prevention, Street Maintenance, Hotel/Motel Tax, Municipal Court Security, Municipal Court Technology, and Parks Development special revenue funds; and the Debt Service fund. The capital projects funds is appropriated on a project-length basis. Other special revenue funds do not have appropriated budgets since other means control the use of these resources (i.e. grant awards and city council resolutions) and sometimes span a period of more than one fiscal year.

The appropriated budget is prepared by fund, functional department and division. Transfers of appropriations between divisions within a department may be initiated by staff and approved by the director. Transfers between functional departments require the approval of the director, budget manager, and finance director. Transfers between funds may require council approval. All transfers of appropriations require the approval of the city manager. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level. The City Council is required to approve all budget amendments that alter department or operating appropriations.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget.

Deficit fund equity

At September 30, 2015, a fund deficit of \$480,444 was reported for the Roadway Impact Fee Fund. It represents deferred/unearned impact fee revenue, net of related assets, which will be recognized as development of land progresses through April 1, 2025.

Note 6: DETAILED NOTES ON ALL FUNDS

Cash and Investments

Custodial Credit Risk. Cash deposits of the City and CEDC at September 30, 2015, were entirely covered by FDIC insurance and pledged collateral held by the City's agent bank.

NOTES TO FINANCIAL STATEMENTS

Note 6: DETAILED NOTES ON ALL FUNDS (continued)

State statutes authorize the City to invest in (1) obligations of the United States or its agencies and instrumentalities; (2) direct obligations of the State of Texas or its agencies; (3) Texas local government investment pools; (4) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as investment quality by a nationally recognized investment rating firm and having received a rating of not less than A or its equivalent; (5) certificates of deposit by state and national banks domiciled in this state that are (a) guaranteed or insured by the Federal Deposit Insurance Corporation, or its successor; or (b) secured by obligations that are described by (1) - (4); (6) and reverse repurchase agreements not to exceed 90 days to stated maturity.

Following are the City's investments at September 30, 2015:

Under the TexPool Participation Agreement, administrative and investment services to TexPool are provided by Federated Investors, Inc. through an agreement with the State of Texas Comptroller of Public Accounts. The State Comptroller is the sole officer, director, and shareholder of the Texas Treasury Safekeeping Trust Company authorized to operate TexPool. The reported value of the pool is the same as the fair value of the pool shares. TexPool is subject to annual review by an independent auditor consistent with the Public Funds Investment Act. Audited financial statements of the Pool are available at First Public, 12008 Research Blvd., Austin, Texas 78759. In addition, TexPool is subject to review by the State Auditor's Office and by the Internal Auditor of the Comptroller's Office.

NOTES TO FINANCIAL STATEMENTS

Note 6: DETAILED NOTES ON ALL FUNDS (continued)

The Texas Short Term Asset Reserve Program (TexSTAR) has been organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. These two acts provide for the creation of public funds investment pools (including TexSTAR) and authorize eligible governmental entities to invest their public funds through the investment pools. TexSTAR is administered by JP Morgan Investment Management, Inc. and First Southwest and is rated AAAm by Standard and Poor's.

Interest Rate Risk. In accordance with its investment policy, the City manages its exposure to decline in fair value of securities by limiting the City to securities with maturities not to exceed 36 months from date of purchase. The City also manages the weighted average days to maturity for the operating funds portfolio to less than 270 days, and the reserve, special project and capital project funds to less than 365 days. The CEDC limits weighted average days to maturity for the operating funds 270 days.

The City and its component unit invest in the public funds investment pools listed above, which have specified maximum weighted average maturities for their investment portfolios. The maximum weighted average maturity (WAM) of TexPool investment portfolios cannot exceed 60 days. TexSTAR also maintains a portfolio maximum WAM of 60 days calculated according to SEC rule 2a-7.

Credit Risk. State law and City policy limit investments in local government investment pools to those rated no lower than AAA or an equivalent rating by at least one nationally recognized rating service. As of September 30, 2015, the City's investments in TexPool and TexSTAR were both rated AAAm by Standard & Poor's.

The City's investment policy requires diversification of investments according to the following guidelines:

	Maximum
Investment	of Portfolio %
U.S. Treasury Obligations	100%
U.S. Government Agency Securities and Instrumentalities	100%
Authorized Local Government Investment Pool	100%
Local Government Obligations	10%
Fully Collateralized Certificates of Deposit	50%
Fully Collateralized Repurchase Agreements	25%
SEC-Regulated No-Load Money Market Mutual Fund	100%
U.S. Treasury and Agency Callables	30%

		\$ _	2,408,151	

Long-term Obligations

Long-term obligations of the City's governmental activities consist of general obligation bonds and certificates of obligation. Sources of retirement of general obligation bond and certificates of obligation are provided from ad valorem tax. Governmental activities long-term obligations are paid by the debt service fund.

Long-term obligations of the City's business-type activities consist of general obligation bonds and certificates of obligation. Business-type activities long-term obligations are serviced by revenue from the Water and Sewer and Storm Drainage systems.

Compensated absences and net pension liability are paid from the fund out of which an employee is regularly paid – primarily the General Fund, Water and Sewer Fund, and Storm Drainage Fund.

Governmental activity capital lease payments are currently being made from the LCFD Vehicle and Equipment Replacement Fund.

lease payments	\$ 683,391

Note 7: DEFINED BENEFIT PENSION PLAN

Plan Description

The City participates as one of 860 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmrs.com.

All eligible employees of the City are required to participate in TMRS.

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The plan provisions are adopted by the governing body of each city, within the options available in the state statutes governing TMRS. The City has elected that members can retire at age 60 and above with 5 or more years of service or with 25 years of service regardless of age. Members may work for more than one TMRS city during their career. If a member is vested in one TMRS city, he or she is immediately vested upon employment with another TMRS city. Similarly, once a member has met the eligibility requirements for retirement in a TMRS city, he or she is eligible in other TMRS cities as well.

NOTES TO FINANCIAL STATEMENTS

Note 7: DEFINED BENEFIT PENSION PLAN (continued)

Employees covered by benefit terms: At the December 31, 2014 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	55
Inactive employees entitled to but not yet receiving benefits	75
Active employees	146
Total	276

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 14% and 14% in calendar years 2014 and 2015, respectively. The City's contributions to TMRS for the year ended September 30, 2015, were \$1,334,263, and were equal to the required contributions.

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2014, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date.

Actuarial assumptions: The Total Pension Liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

Inflation	3.0% per year
Overall payroll growth	3.0% per year
Investment Rate of Return	7.0% net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with male rates multiplied by 109% and female rates multiplied by 103%. Based on the size of the city, rates are multiplied by a factor of 100.0%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Disabled Retiree Mortality Table is used, with slight adjustments.

Actuarial assumptions used in the December 31, 2014, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period January 1, 2006 through December 31, 2009, first used in the December 31, 2010 valuation. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. No additional changes were made for the 2014 valuation.

The long-term expected rate of return on pension plan investments is 7.0%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

NOTES TO FINANCIAL STATEMENTS

Note 7: DEFINED BENEFIT PENSION PLAN (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	17.50%	4.80%
International Equity	17.50%	6.04%
Core Fixed Income	30.00%	1.50%
Non-Core Fixed Income	10.00%	3.50%
Real Return	5.00%	1.75%
Real Estate	10.00%	5.25%
Absolute Return	5.00%	4.25%
Private Equity	5.00%	8.50%
Total	100.00%	

Discount Rate: The discount rate used to measure the Total Pension Liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Changes in the Net Pension Liability:

	Increase (Decrease)				
		Plan			
	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability/(Asset) (a) - (b)		
Balance at 12/31/2013	\$ 28,200,256	\$ 22,073,127	\$ 6,127,129		
Changes for the year:					
Service Cost	1,444,400	-	1,444,400		
Interest	1,994,674	-	1,994,674		
Changes of benefit terms	-	-	-

Balance at 12/31/2014	\$ 30,491,719	\$ 24,281,487	\$ 6,210,232		

NOTES TO FINANCIAL STATEMENTS

Note 7: DEFINED BENEFIT PENSION PLAN (continued)

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the City, calculated using the discount rate of 7.0%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0%) or 1-percentage-point higher (8.0%) than the current rate:

					1	% Increase in
	1% Dec	crease in Discount			[Discount Rate
	Rate (6.0%)		Discount Rate (7.0%)			(8.0%)
City's net pension liability	\$	11,930,258	\$	6,210,232	\$	1,646,252

Pension Plan Fiduciary Net Position: Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at www.tmrs.com.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2015, the City recognized pension expense of \$1,309,698.

At September 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
Differences between expected and actual economic experience	\$	-	\$	(242,819)		
Changes in actual assumptions		-		-		
Difference between projected and actual investment earnings		225,668		-		
Contributions subsequent to the measurement date		1,026,178				
Total	\$	1,251,846	\$	(242,819)		

\$1,026,178 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2015. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31:		
2016	\$	5,852
2017		5,852
2018		5,852
2019		5,852
2020	i	(40,559)
Thereafter		-
	\$	(17,151)

NOTES TO FINANCIAL STATEMENTS

Note 7: DEFINED BENEFIT PENSION PLAN (continued)

Supplemental Death Benefits Plan

The City also participates in the cost sharing multiple-employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefit Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1. Audited financial statements of the SDBF may be obtained from TMRS' website at www.TMRS.com.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other postemployment benefit," or OPEB.

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.

The City's contributions to the TMRS SDBF for the years ended September 30, 2015, 2014 and 2013 were \$8,807, \$8,028, and \$7,990, respectively, which equaled the required contributions each year.

Note 8: RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City's risk management program encompasses obtaining workers compensation and property and liability insurance through Texas Municipal League (TML) Intergovernmental Risk Pool, a public entity risk pool for the benefit of governmental units located within the state. TML Intergovernmental Risk Pool ("Pool") is considered a self-sustaining risk pool that provides coverage for its members. The City's contributions to the Pool are limited to the amount of premiums as calculated at the beginning of each fund year. Premiums reflect the claims experience to date of the City. The Pool's liability is limited to the coverage that the City elects as stated in the Pool's Declarations of Coverage for that fund year. The City has not had any significant reduction in insurance coverage and the amounts of insurance settlements have not exceeded insurance coverage for any of the last three years.

Note 9: COMMITMENTS AND CONTINGENCIES

The City participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the City has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable may be impaired. In the opinion of the City, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

Estimated costs to complete significant construction projects in progress at year-end totaled approximately \$2,858,271.

NOTES TO FINANCIAL STATEMENTS

Note 9: COMMITMENTS AND CONTINGENCIES (continued)

Upper Trinity Regional Water District (UTRWD)

On November 13, 1990, the City entered into a 30-year contract with Upper Trinity Regional Water District (UTRWD) and other participating political members to develop a regional water system for providing retail utility service to the Denton County area.

The contract included, among other things, a commitment by the City to 2.0 million gallons of water per day demand. On February 4, 1999 the City amended the contract with Upper Trinity to increase the demand from 2.0 million gallons per day to 5.5 million gallons per day. On September 2, 1999, due to continued growth, the City entered into the third contract amendment with Upper Trinity increasing the demand to 7.5 million gallons per day. The City also currently maintains a contract with the Upper Trinity Regional Water District for treatment of wastewater flows up to 1.608 million gallons per day.

The current demand capacity of 7.5 million gallons per day provides the City with three (3) weighted votes as a member of the Upper Trinity Board. The City has one appointed member to the Upper Trinity Board of Directors and one appointed member to the Upper Trinity Customer Advisory Committee. Under agreements with the UTRWD, all participating and contract entities share in the cost of administering the District and in the cost of planning for future programs and services of the District.

Note 10: PRIOR PERIOD ADJUSTMENTS

During fiscal year 2015, the City adopted GASB Statement No. 68, Accounting and Financial Reporting for *Pensions – an amendment of GASB Statement No.* 27. Upon adoption of GASB No. 68, the City must assume its proportionate share of the net pension liability or asset of the Texas Municipal Retirement System. Adoption of GASB No. 68 required a prior period adjustment to report the effect of GASB No. 68 retroactively. The amount of the prior period adjustment is a decrease in net position of \$5,217,957.

During fiscal year 2015, the City recorded a prior period adjustment to write off bond insurance costs previously capitalized as an asset in the statement of net position. The amount of the prior period adjustment is a decrease in net position of \$41,428.

CITY OF CORINTH, TEXAS NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED SEPTEMBER 30, 2015

Note A: Net Pension Liability – Texas Municipal Retirement System

Assumptions

The following methods and assumptions were used to determine contribution rates:

Valuation date	Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.
Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	29 years
Asset valuation method	10-year smoothed market; 15% soft corridor
Inflation	3.00%
Salary increases	3.50% to 12.00%, including inflation
Investment rate of return	7.00%
Retirement age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2010 valuation pursuant to an experience study of the 2005 – 2009.
Mortality	RP-2000 Combined Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103% and projected on a fully generational basis with scale BB.

Changes of Benefit Terms

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes in the Size or Composition of the Population Covered by the Benefit Terms

There were no changes in the size or composition of the population covered by the benefit terms during the measurement period.

Changes of Assumptions

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

(1) 2007 restated for debt reallocation.

(2) During 2008, the City acquired the Lake Cities Fire Department from other participating cities. Expenses incurred before and after acquisition are reported in public safety.

(3) 2012 is restated for implementation of GASB 63 and GASB 65.

Note: This information is presented using the accrual basis of accounting.

[1] In fiscal year 2008 the Lake Cities Fire department was incorporated into the City of Corinth. Emergency responses include all four cities that the Lake Cities Fire department serves.

[2] The information provided for fiscal years 2004 through 2007 reflects the number of classes/special events and does not reflect the total hours.

[3] In prior years class participants included volunteers and hours, in FY2012 the methodology was revised to only count the actual participants.

[4] In FY2012 the City started managing the baseball programs so athletic participation was added to be able to track City program participation. In 2014-15 the City turned over the baseball program to the Softball Association.

[5] In FY 2007 the City Lost the use of Crownover Middle School recreation facilities and reduced hours at the Woods Building recreation center for construction.

[6] The City transferred some flows from the Denton sewer basin to the Upper Trinity sewer basin beginning in February, 2007.

[7] The City of Denton bills the City of Corinth based on one sewage flow meter and two areas based on connection count; flows are based on estimates.

[1] The reduction in streets is due to the elimination of unpaved streets from the database.

[2] The increase in highways is due to the addition of the northbound and southbound roadways.

[3] The City of Denton bills the City of Corinth based on one sewage flow meter and two areas based on connection count; UTRWD uses a take-or-pay system of billing in which the member city (Corinth) purchases peak capacity. UTRWD data is corrected per original contracts.

BUSINESS ITEM 4

Finance Audit Committee Meeting February 16, 2016

AGENDA ITEM

Review the Trial Balance Comparison

AGENDA ITEM SUMMARY/BACKGROUND

The Trial Balance Comparison is reported by fund and reflects the ledger balances on all City accounts before and after the audit. All variances are noted.

- **City's Trial Balance YTD Totals** This represents the balances in the City's ledger before being turned over to the auditor for review.
- Auditor's Trial Balance YTD Totals This represents the balances in the City's ledger at the conclusion of the external audit.
- Client Adjustments During October, November, and December 2015, city staff prepared year-end analysis and posted year-end entries. During December city staff provided a trial balance to the auditor. Once the trial balance was submitted, auditor approval was required for all staff prepared journal entries in January and February. Journal entries prepared by staff during this period are reflected as Client Adjustments.
- Audit Adjustments Audit adjustments are prepared and recorded by the external auditor to correct discrepancies that were discovered during the audit or to record entries necessary for the preparation of the financial statements.
- Notes The notes column provides a brief summary of the adjustment.

RECOMMENDATION

There is no action to be taken.

The Trial Balance Comparison is reported by fund and reflects ledger balances on all City accounts before and after the audit. All variances are noted and a brief summary has been provided.

I. Listing of Client Adjustments

 $\sqrt{}$ Capital Assets Additions and Transfer of Completed Assets in Fund 194 Water/Wastewater Capital Project Fund, Fund 110 Water/Wastewater Fund and Fund 991 General Fixed Asset Fund– To record the capitalization of assets and to transfer completed assets from Construction in Progress to the correct asset class. Total journal entry of \$5,703,198.26.

II. Listing of Audit Adjustments

 $\sqrt{100}$ Remove Deferred Bond Charges in Fund 110 Water/Wastewater Fund, Fund 120 Storm Drainage Fund and Fund 990 General Long-Term Debt Fund – Final implementation of GASB 63. Total journal entry of \$41,427.94.

 $\sqrt{}$ Record Net Pension Asset (Liability), Deferred Inflows/Outflows of Resources and related expense Fund 110 Water/Wastewater Fund, Fund 120 Storm Drainage Fund, and Fund 990 General Long-Term Debt Fund – To record the effects of implementation of GASB 68. Total journal entry of \$8,757,771.
